

# RIT OUTER LOOP TRACK

## The Brick Cup: Beginner Course

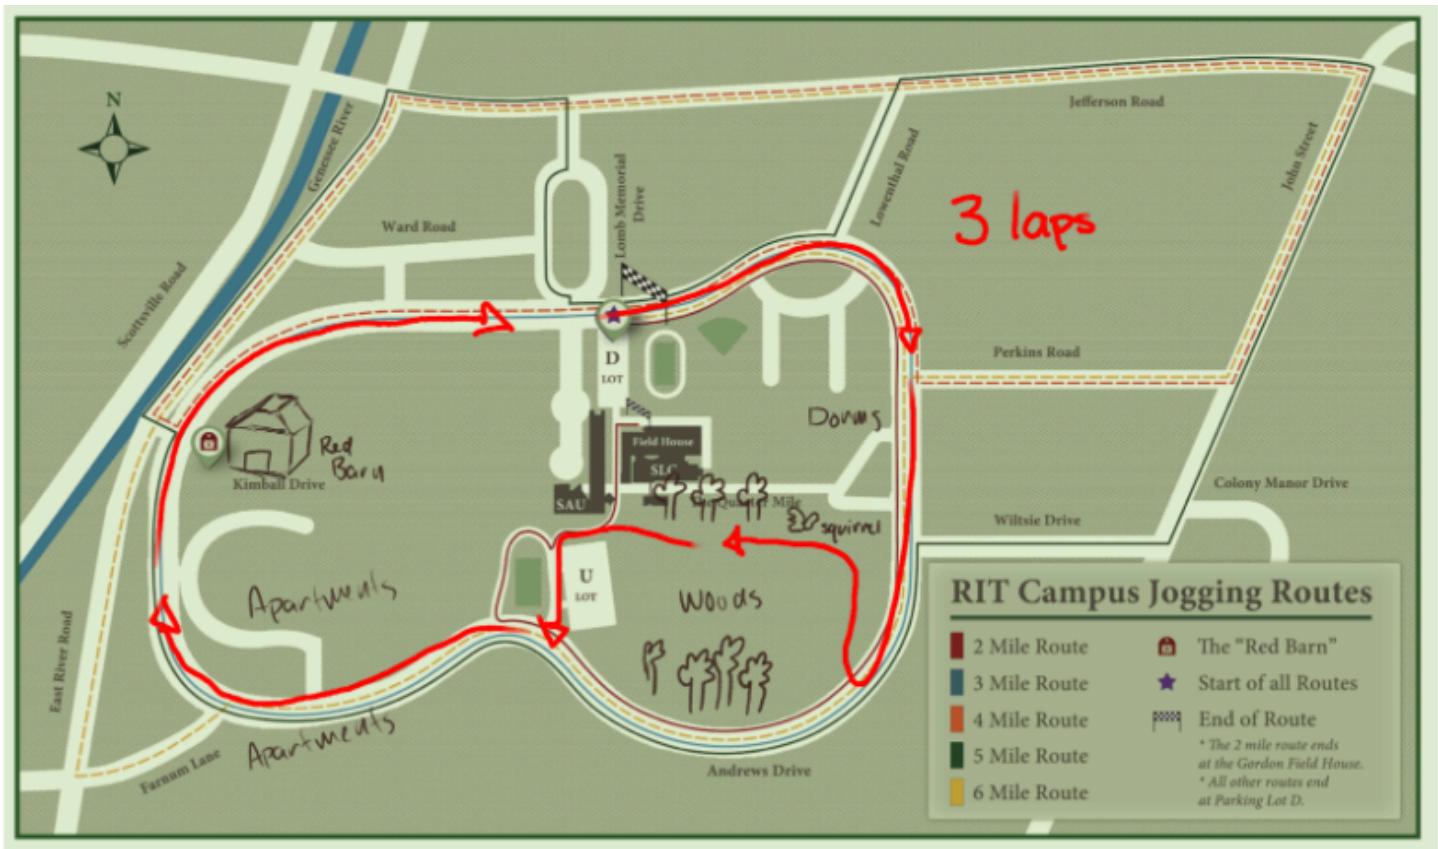

### Moodboard

- Simple BMX inspired course elements
- Squirrels/deer/geese as obstacles and movement
- Other cars/campo as moving obstacles
- In road obstacles like potholes, mud, acorns, roots (like in Temple Run)
- For woods reference Kokiri forest from Legend of Zelda
- Reference MK courses on highways that have other NPC cars moving on a set track
- Cuts through the woods to spice things up a bit, but not much still keeps track simple
